How much grant funding are you requesting?

Organizations may request between \$25,000 and \$100,000 in grant support, and should match the amount on the attached Budget Template.

Attach your grant funding budget

Please use this [budget template](#), and within the template include a description of how each major line item supports your proposal.

Proposal Title

What is the specific problem you are trying to solve with this proposal, and (if known) what is driving that problem?

Describe how the grant funding would address the needs/challenges of your organization and/or community, including the specific activities to be implemented to address those challenges/needs.

If your proposal includes a permanent staff position, how you will sustain it beyond the grant term?

Describe the information and/or measures you will use to know if the activities outlined in your proposal achieve the results you expect.

Please provide an expected timeline for the proposed upgrade, program, or project.

What are your organizational priorities for the next 3-5 years?

Do you anticipate needing to sustain this project beyond the grant period? If so, please describe how you will do so.

How would you define the area(s) you serve? Select all that apply.

- Urban
- Suburban
- Rural

List all the counties, or county equivalents (e.g., borough or parish), that your organization serves.

Are there specific counties focused on in this proposal? If so, please specify those.

Big Picture Questions

What formal and informal partnerships does your organization maintain with other organizations (including within and beyond animal sheltering/rescue and animal welfare) in your community?

How do these partnerships influence decision-making, resource-sharing, or collective problem-solving?

What programs, services, or capabilities does your organization currently share or coordinate with the broader community or partner organizations?

From your perspective, what are the most significant challenges currently facing animal shelters?

If your organizational budget were increased by 50%, what long-term changes or community-wide improvements would you prioritize? How would additional capacity enable you to influence or strengthen the broader animal welfare ecosystem in your community?

Anything else you'd like to share

By submitting an application for an ASPCA grant, you agree to allow the ASPCA to utilize the information submitted on such application in any way it deems appropriate to support its mission to prevent cruelty to animals, including fundraising. If your proposal is approved, the following data and reporting requirements will apply:

- Grantees will be required to:
 - opt into a 2026 ASPCA shelter grants SAC coalition
 - submit 2025 and 2026 YTD intake and outcome data within three months of the grant approval date

Learn more about SAC Coalitions: <https://www.shelteranimalscount.org/coalitions/>

- At the time of the grant agreement, the ASPCA will provide a universal reporting template and reporting frameworks that align with the relevant sections of the [Association of Shelter Veterinarians \(ASV\) Guidelines for Standards of Care in Animal Shelters checklist](#) for critical infrastructure projects, such as sanitation, enrichment, and housing.

These reporting requirements are designed not only to document baseline (pre-grant) conditions and grant-funded improvements to shelter animals' quality of life, but they will also support a broader understanding of cumulative impacts across communities served by ASPCA grantees. This includes impacts on shelters and rescues, pet-owning households, and community cats.

- Reporting requirements and frequency will include the following:

- Baseline data submission at the time of grant agreement, including:
 - Calendar year 2025 summary data
 - Calendar year 2026 data from January through the month of the grant agreement or project kick-off
- Interim reporting at six months into the grant-funded project
- Final reporting at the conclusion of the grant period
