# Adopt One, Help Many That's The Rescue Effect

**Animal shelters across the country are full.**

The Rescue Effect is a nationwide campaign dedicated to helping animals find homes.

When you bring home your new companion, couch potato, adventure-seeker or laser-chaser, you're freeing up space and resources for the shelter to give more animals a chance.

It's a ripple: When we help one, we help many — that's **The Rescue Effect**.

**Join The Rescue Effect by adopting today.**
